

## Hurrah for the Reviewers!

On behalf of the whole Editorial Board and all Sections Editors of *ActaDV*, I sincerely thank all the reviewers who have helped the journal to evaluate and often improve nearly 1,000 papers submitted to us in 2017/18, resulting in an acceptance rate of about 40%. The reviewers are listed below.

Without the aid of a high quality peer review process, also including 18 sections editors specialized in different fields of Dermatology and Venereology, a fair and objective selection of papers to be published in *ActaDV* would not have been possible.

To express our gratitude to the reviewers, *ActaDV* has since many years donated 1,000 Euros yearly to support the work of the International Dermatology Forum in Africa. We hope that this token of appreciation to the reviewers for their great idealistic work in the name of science is acceptable as an alternative to sending Christmas Cards.

Uppsala in December 2018  
*Artur Schmidtchen, Editor-in-Chief*
