

JOURNAL OF REHABILITATION MEDICINE

REVIEWERS FOR 2020

On behalf of the entire Editorial Board and all Associate Editors of *Journal of Rehabilitation Medicine (JRM)*, we sincerely thank all the reviewers who have helped the journal to evaluate and often improve the more than 400 papers that were submitted to us in 2020. Without the aid of a high-quality peer review process, also including Associate Editors specialized in different fields of Rehabilitation Medicine, a fair and objective selection of papers to be published in *JRM* would not have been possible.

To express our gratitude to the reviewers, *JRM* has since many years donated 500 Euros yearly to support the “Medecins sans Frontiers”. We hope that this token of appreciation to the reviewers for their great idealistic work in the name of science is acceptable as an alternative to sending Christmas Cards.

The reviewers we wish to thank this year are listed below.

Kristian Borg and Henk Stam
Editors-in-Chief
